Message from the President

Thanks to all the HETL members who actively participate in discussions, share professional expertise, contribute articles and ideas, and initiate new discussions! Our personal and professional resources are growing with each of us, providing individual opinions and/ or ideas to the group.

And welcome to the subgroup of grad students, our Future Educators, and special thanks to Dr. David Bugay for generating this idea and managing discussion around the issue. We do hope the new "pipeline" will enrich the living knowledge for all of us! Let your education students know by sharing the link: <http://t.co/W2pOYgS>

Congratulations to all of us, for HETL has signed up for GoToWebinar to allow HETL to host webinars and other group meetings for our members! Deep appreciation to Dr. Rana Zeine, HETL Director of Research, for conducting the first webinar "Changing Organizational Culture in Higher Education Institutions".

I hope our webinars will become regular and we will be able to hear many of the experts around the world and discuss professional issues together. Knowing more about each other helps maintaining a spirit of the group and motivates to go further. Let us focus on continuous learning from each other... August is the last summer month...I hope you all enjoy summer holidays and wish for you to feel rested and healthy, so that we can start the new academic year with joy and enthusiasm!

Regards,

Dr. Olga Kovbasyuk

Research Collaborations

Select Subgroups under the More tab on the group homepage. Then select the Scholarship Subgroup. A teaser... do women PhDs learn less than men PhDs?

Research collaborations can be found in the Scholarship subgroup.
